

## CAA SCHOLAR-ATHLETE AWARD WINNERS

In 2002-03, the conference began honoring a CAA Scholar-Athlete of the Year in each of its championship sports. Nominees for the award must be a starter or important reserve on their team and must meet the Academic All-America minimum cumulative grade point average of 3.25. The winners are selected by a vote of the sports information directors at each CAA institution. At the end of the year, the conference also selects a Male and Female Scholar-Athlete of the Year from the group of sport winners.

### 2002-03
